

From January, Reiwa 6 year, 2024,

National health insurance tax commensurate with a term before and after delivery (said tax for 4 months) will be exempted !

Objectives · Term of notification

- The insured of National health insurance who have had delivery since November, Reiwa 5 year, 2023.
Pregnancy longer than 85 days (four months) is the objective. (Stillbirth, miscarriage, premature delivery and abortion are included.)
- Notification is possible six months before the estimated date of delivery. It is possible after delivery too.

National health insurance tax exemption procedure

- Health insurance tax commensurate with a term from the previous month of the estimated month of delivery or the month of delivery until two months after the estimated month of delivery or the month of delivery called “Term before and after delivery” will be reduced from said tax per income and said tax per capita basis which you are to pay the fiscal year. (Hereinafter “Term before and after delivery”.)

	Three months before	Two months before	One month before	Estimated month of delivery	After one month	After two months	After three months
Single fetus							
Multiple fetus							

※National health insurance tax per income and that per capita basis commensurate with said tax during a term before and after delivery will be reduced. (The amount of said tax per household will not change.)

※In the event of multiple pregnancy, National health insurance tax for six months will be reduced three months before the estimated month of delivery (or the month of delivery).

※As for a household which has reached the limit of the amount of tax, the amount of tax will not change.

- Regarding Reiwa 5 year, 2023, only National health insurance tax for January, Reiwa 6 year, 2024 and after will be reduced during a term before and after delivery.

August, Reiwa 5 year	September	October	November	December	January, Reiwa 6 year	February

※If you had delivery in November, Reiwa 5 year, 2023, National health insurance tax for January, Reiwa 6 year, 2024 will be reduced. Said tax before January, Reiwa 6 year will not be reduced.

...The objective term of reduction

- If National health insurance tax is reduced, National health insurance tax which has been paid too much will be refunded.

Necessary documents for notification

- ① Notification form
- ② Identification document (Driver's license, My Number Card, etc.)
- ③ Document to confirm the estimated date of delivery (the date of delivery), single pregnancy and multiple pregnancy (Mother-child health handbook, Boshitecho, etc.)
