Mayor of Gamagori, Japan

Ms. Nana Inaguma-Urakami
Researcher, UNCRD

2024 INTERNATIONAL MAYORS FORUM
JANUARY 24-25, 2024

Announcement of Aiming for a Circular City

The purpose of the circular economy is to create a society and an economic system that do not harm human health nor the natural environment to realize a sustainable earth and sustainable economy, environment and society.

The goal is to improve well-being of people and nature. This is in line with the 5th Gamagori City Comprehensive Plan, which is the city's top plan. **We hereby declare that we aim to become a "Circular City" so that it will become "You will come to admire GAMAGORI" .**
