

Dear students and families,

WELCOME TO GAMAGORI

Our schools in Gamagori welcome foreign children with open arms.

In Japan, **children between the ages of six(6) and fifteen(15) are required by law to attend school.**

If your child **wishes to enroll in a public school (elementary/junior high school), foreign children are accepted as well as Japanese children.**

These ages are very important for children's future, so let them have an education.

Tuition and textbooks are free in public elementary and junior high schools.
